UNIVERSITY OF UTAH.

DRAWING AND ENGINEERING,
RICHARD R. LYMAN, B. S. (C. E.)

116 Madison St., Ithaca, N.Y.

Mar. 11th 1904.

Pres. W. J. Kerr,
Agricultural College of Utah.
Logan.

Dear Pres. Kerr,

I am greatly indebted to you for attention and favor. When I was a student in your classes years ago you were very kind to me, and the attention I recd. from you then, has been a source of pleasure to me ever since. When you held the Chair of mathematics in the University of Utah and I was a student in Michigan this same condition existed, and it has continued so up to this time as is plainly shown by your kind favor of the 4th inst. As to considering a proposition from the College, I will say that in general, I always hold myself in readiness to consider any proposition, but in justice to you and to the Univ. of Utah I must say frankly, that my connection with that institution, ^{at this time} is such that I am all but bound to ~~to~~ return to my former place for at least one more year.

With esteem and gratitude, I am,

Very truly yours,

Richard R. Lyman.
